

Dear Art
how are you?
I went to many openings
lately but I haven't seen you at
any. Yet everyone there seemed
to know you very well. Are all
these people really your friends?
And all those twisted and
elaborated descriptions they
make about you, are you
really that complicated?
I have so many questions...
Do you think we could meet
sometimes, possibly not in a
gift shop?
Hope to hear from you
LOVE
me.
ps: Are you on Tinder?
